

Financial intelligence webinar series

Five live and interactive webinars focusing on financially intelligent business decision making for sheep within mixed farming enterprises, delivered weekly.

Webinar	Date	Start time
1	Tuesday 13 March	9.00am
2	Wednesday 21 March	9.00am
3	Wednesday 28 March	9.00am
4	Tuesday 3 April	9.00am
5	Tuesday 10 April	9.00am

By the end of five webinars you will understand how to:

- use basic financial information to inform essential business decisions
- interpret the three key financial statements
- use strategies and tools for monitoring and evaluating your business's financial position
- conduct a financial health check and act on the results
- make short term decisions aligned to your medium to long term goals
- be proactive rather than reactive
- benchmark yourself not others
- work collaboratively with your bank
- understand your tax return.

No financial knowledge is required, but access to your farm's financial information will support the key learnings of the programme. Webinars are up to 90 minutes long.

The webinars are free to all eligible applicants and are funded by the department's Sheep Industry Business Innovation project. Included are training notes, individual phone support between webinars and access to recorded sessions.

Registration is essential by 10 March as there are places available for only 12 enterprises.
