1. Draft policy – Funding mechanisms for biosecurity

(a) Are you part of one or more of the funding mechanisms mentioned in the draft policy? That is, do you pay a declared pest rate, an Agricultural Produce Commission fee for service for biosecurity purposes, or a local government rate for biosecurity purposes, or are you part of an industry funding scheme? **Yes or No** (delete one)

(b) Please comment on the criteria used to determine the most appropriate funding mechanism outlined in Section 4 of the draft policy.

(i) Are they suitable criteria to guide DAFWA in determining the most appropriate funding mechanism to apply to a biosecurity issue?

(ii)

Are there additional criteria that should apply? What are they and how do they fit in the decision-making tree (draw an alternative decision-making tree)?

(c) Please comment on the proposed application of the policy in section 5 of the draft policy. Do you have any further suggestions on the application of the guiding criteria and decision-making tree in section 4 and figure 1?

(d) Other comments.

Thank you for your feedback.
