

NAVIGATING THE NET ZERO TRANSITION FOR WA AGRICULTURE

Tuesday 19th October 2021

2pm-5pm, UWA

5pm Sundowner

A conversation of why and how West Australia Agriculture supply chain responds to the transition to net zero emissions.

Gabriel Crane
Integrity Ag

Understanding emissions through the agriculture supply chain

Larissa Taylor
Consultant

Decarbonising food and agriculture supply chains – global trends, so what for WA?

Liam Moltoni
Boortmalt

Opportunities for low emissions barley supply chains

Ben White
Kondinin Group

Adoption of farm carbon calculators and emerging low emission technologies

Fiona Meaton
Price Waterhouse
Coopers

Legal considerations for carbon markets and low emissions supply chains

**General
Discussion**

How does WA Ag position itself in the transition to the net zero economy?
Risks and Opportunities?

What are potential supply chain opportunities to provide lower emission solutions?

What are the next steps to continuing the conversation; annual forum?
Is there a need for an industry good – cross industry strategy?

Where

Agriculture Lecture Theatre – See map or <https://www.web.uwa.edu.au/contact/map/?id=2320>

Parking; Car Park 8: <https://www.web.uwa.edu.au/contact/map/?id=2099>

Car Park 9: <https://www.web.uwa.edu.au/contact/map/?id=2099>
