

SIGNATURE LEADERSHIP PROGRAM

CREATING COURAGEOUS LEADERS

Organisations and society are changing rapidly, in both a local and global context. Today, effective leaders are required to evolve and adapt to thrive, and lead themselves, their teams and their organisations in productive and healthy ways. Leadership is about people, and outstanding leaders inspire and empower others.

The Signature Leadership Program is Leadership WA's flagship Program and for over 20 years it has brought together high performing, Western Australian leaders, from all sectors, on a powerful leadership journey. A journey that challenges both professionally and personally, and enables each leader to enhance their own authentic leadership.

Signature is a unique 10-month Program held in metropolitan and regional WA. Our unique approach of curating cohorts ensures a diversity of thought, sector, experience and perspectives.

WHY THE SIGNATURE LEADERSHIP PROGRAM

Signature creates an environment in which you can invest in yourself, while being empowered to make meaningful change for others.

The Program is held under the confidentiality of the Chatham House Rule, which results in a non-competitive and safe space for honest and open discussions.

You will gain an understanding and appreciation of industries and experiences beyond your own sector, from your peers, the organisations you visit and a broad range of expert speakers.

By embarking on the Program, you will benefit from further exploration of leadership concepts and self-reflection, while building links with those joining you on the transformative journey. Often being a senior leader can be an isolating experience. Signature delivers an expanded network, where your cohort members become life-long connections, offering encouragement and support long into the future.

Upon graduation, you can continue your leadership learning and expand your network further, within the influential and like-minded Leadership WA Alumni community.

THE POWER OF EXPERIENTIAL LEARNING

Signature is guided by a dedicated Leadership Development Manager, who creates and shapes each Experience Day, around a theme, the speakers and the cohort itself.

Participants advance together in a uniquely safe and inclusive space, using personal and collective learning designed to challenge thinking and develop curiosity, while engaging in robust reflection. The practice of reflection is at the heart of Leadership WA Programs, as it enables you to engage more deeply with the content, strengthen your understanding and grow your ability for action.

During the Program, high level senior leaders from across the WA business, government and community sectors, speak about their own experience as leaders and their lessons learned. In recent years, our cohorts have heard from experts on a range of topics, including leading high performing teams in elite military environments; the first 1000 days in a child's life; emergent thinking on green energy; cyber security; COVID learnings; diversity and inclusion initiatives; and the realities of thriving in regional WA.

PROGRAM OVERVIEW

Structured around a series of expertly designed and immersive Experience Days, the Signature Leadership Program delivers a transformational blend of:

- In-depth exploration into the meaning of being a courageous leader, stretching far beyond management thinking and with a focus on broader societal issues
- Learning through engagement with diverse WA leaders from a range of industries, who candidly share their journeys and expertise
- Cohort-directed discussions that delve into the responsibilities of leaders, beyond their organisation and in, and for, WA
- Creation of trusted bonds with fellow leaders across diverse sectors

The profiling instrument PRINT® is also used as a key element of the Program. This tool enables professionals to take their leadership and motivational skills to the next level. “Signature is one of the most memorable and impactful professional development experiences on offer anywhere in Western Australia. This carefully curated Program will challenge you and help you to explore meaningful ways of deepening your leadership impact.

Importantly, it will also give you the opportunity to connect with some of the State’s most outstanding leaders, understand more about the key drivers and challenges of the State, and develop a new network of colleagues and friends along the way. I cannot recommend this experience highly enough.”

WHY LEADERSHIP WA?

Leadership WA is an independent not-for profit organisation, at the forefront of leadership development in Western Australia, driven by our vision of ‘courageous leadership shaping a better WA’.

Through our experiential Programs, access to the State’s top leaders and collaborative social impact initiatives, we support WA leaders in developing the skills, confidence and tenacity to lead with compassion and courage.

By participating in our Programs, you will have the opportunity to grow your networks, deepen your connections and pay it forward by giving back, extending your leadership influence for the benefit of yourself, your organisation and the Western Australian community.

This is the Leadership WA ripple effect.

Within the Leadership WA network, Alumni find peer support and make enduring connections. At our many events, Alumni continue to find inspiration and fresh perspectives in our engaging leadership sessions, networking and professional development opportunities.

GIVING BACK THROUGH SKILLSBANK

As part of our collective mission to give back, our Alumni are renowned for bringing about positive change and providing their expertise to WA not-for-profits through the Leadership WA Skillsbank Initiative. Every year, our Alumni give their time, energy, insights and advice in community service on a pro bono basis. The opportunities to contribute to a positive impact include board appointments, mentoring, project support and consulting services.

“Signature’s value is amplified by its ability to create meaningful connections among participants across sectors. It is more than a learning experience; it’s a catalyst for building a strong network of like-minded individuals from all backgrounds, who can make a difference.”

YOUR COMMITMENT

The integrity of your experience on the Signature Leadership Program relies upon your genuine involvement and self-investment.

Participants are required to fully commit to Signature by attending all Program dates. While we build in flexibility to allow for the unexpected, we do require you attend a minimum of 80% of the Experiences to graduate. As such, we recommend deferring your application to a future cohort, if you anticipate you'll have significant scheduling conflicts during the year.

Signature Experience Days are hosted by our partner organisations, in and around the greater Perth metropolitan area. There are also two 3-day regional Field Trips, to the south and north of the State, which all participants are required to attend.

In addition, there is the expectation that for each Experience Day you will spend time preparing for and reflecting on the topics covered and speaker presentations.
